**Four Volusia-Flagler area companies have been named finalists for GrowFL's "2015 Florida Companies to Watch" list.**

The companies - Coastal Cloud in Palm Coast; Dredging & Marine Consultants in Port Orange; First Response Disaster Team in Edgewater; and **Synergy Billing** in Daytona Beach - are among 101 nominees that will be further evaluated for the final list of 50 winners. GrowFL will announce the winners in late August.

This is the fifth year for the awards program by GrowFL - also known as the Florida Economic Gardening Institute - and the Edward Lowe Foundation. The annual list recognizes high-performing, second-stage Florida companies that are privately held for-profit companies with between six and 150 full-time employees and with \$750,000 to \$100 million in annual revenue or working capital from investors or grants.

The finalists are evaluated on their performance in the marketplace, innovative products, unique processes or philanthropic actions.
